Professional Nursing Practice

Core Nursing Essentials Professional Nursing Practice

Professional practice links knowledge with accountability, teamwork and respect. Revise communication and decision-making using patient-centred examples rather than memorizing definitions alone.

For educational purposes only.

Study guide

Professional practice links knowledge with accountability, teamwork and respect. Revise communication and decision-making using patient-centred examples rather than memorizing definitions alone.

How to revise this category

1. Choose a topic and explain its purpose.
2. Identify the observations, equipment or information needed.
3. Connect the findings to documentation, reassessment and escalation.
4. Practise under qualified supervision and review the current local protocol.

Curriculum coverage

- Nursing ethics
- Legal responsibilities
- Patient rights
- Informed consent
- Professional accountability
- Delegation and supervision
- SBAR communication
- Nursing shift handover
- Evidence-based nursing practice
- Nursing leadership
- Time management
- Patient education
- Discharge planning
- End-of-life care
- Palliative nursing care

Quick Revision

Use this curriculum guide to organize study. Published summaries are listed separately. Detailed drafts remain in the private content studio until source and clinical checks are recorded.
